Production Safety Systems (T-2)

TOPIC	QUESTIONS
Component Analysis - Atmospheric Vessels	13
Component Analysis - Compressors	21
Component Analysis - Fired and Exhaust Heated Components	25
Component Analysis - Flow Lines and Headers	14
Component Analysis - Heat Exchangers	11
Component Analysis - Pipelines	12
Component Analysis - Pressure Vessels	12
Component Analysis - Pumps	15
Component Analysis - Wellhead Injection Lines	10
Emergency Support Systems	27
Production Safety Systems - Overview	18
Safety Analysis	13
Safety Device ID	85
Safety Device Testing	53
Subsea Trees	52
Subsurface Safety Devices	19
Undesirable Events	20
Wellhead Safety Devices	13
